What Will You Learn?

Develop practical skills and prepare for your future career.

Programming Skills

Understand coding fundamentals and solve problems using popular programming languages.

Build Websites

Design responsive websites and learn how web technologies work together.

Explore AI

Learn artificial intelligence concepts and discover practical applications.

My Learning Progress

Sample progress indicators for your enrolled courses.

Python Programming 70%

14 of 20 lessons completed

HTML & CSS Masterclass 45%

8 of 18 lessons completed

Artificial Intelligence 20%

5 of 25 lessons completed

Meet Our Instructors

Learn from experienced professionals and educators.

Ravi Kumar

Python and Java Trainer

Focuses on coding fundamentals and practical projects.

Priya Sharma

Web Development and Design

Teaches modern website design and user experience.

Arjun Reddy

Artificial Intelligence

Introduces AI concepts and real-world applications.

About Our College Fest

UTSAV is a college festival that brings together students from different departments to showcase their skills, exchange ideas, learn new technologies, and celebrate culture and creativity.
Participate in exciting competitions, interactive workshops, cultural performances, and fun activities!

Explore Our Events

All Events | Technical | Cultural | Workshops

Technical

Code Combat

Test your programming skills and solve exciting coding challenges.

Day 1 | 10:00 AM

Coordinator: Rahul Kumar

Participate

Technical

Robo Wars

Explore robotics and demonstrate your engineering creativity.

Day 1 | 12:00 PM

Coordinator: Kiran Reddy

Participate

Cultural

Music Mania

Show your musical talent through solo or group performances.

Day 1 | 3:00 PM

Coordinator: Sneha Sharma

Participate

Cultural

Dance Battle

Celebrate creativity through energetic dance performances.

Day 2 | 11:00 AM

Coordinator: Priya Reddy

Participate

Workshop

AI and ML Workshop

Discover artificial intelligence and machine learning basics.

Day 2 | 9:30 AM

Coordinator: Arjun Varma

Participate

Workshop

Web Design Studio

Learn HTML and CSS and create your own website.

Day 2 | 1:00 PM

Coordinator: Divya Rao

Participate
